

FOURTY-TWO YEARS *TALANTA*:
AN INDEX TO VOLUMES I - XLII/XLIII

Roald F. Docter/Fred C. Woudhuizen

In 1969 the Dutch Archaeological and Historical Society first published its periodical *TALANTA*, which has appeared since on regular intervals. On the occasion of the 30th-31st volume, exactly 30 years after the instalment of the Proceedings of this Society, it seemed appropriate to offer our readership an index. The emphasis of the periodical's contents has always been on the combination of archaeology and ancient history. It has always tried to reach a readership of both scholars and dilettanti. With 84 authors contributing 170 articles on a broad range of subjects, the first 30 years of *TALANTA* had met these intentions very well. The index is divided in a chronological part, listing the contents of the individual volumes as they appeared in *TALANTA* I of 1969 to XXX/XXXI of 1998/1999, and a thematic part, listing the articles by subject-matter (the subjects are listed alphabetically). In the last part of the index the authors follow in alphabetical order, according to their surname.

The aforesaid index, as set up by Roald Docter, is now supplemented by Fred Woudhuizen in order to include the contents of the volumes XXXII/XXXIII of 2000/2001 up to XLII/XLIII of 2010/2011. In the mean time, the total amount of authors has been increased to 157 and the number of articles to 271. Also the range of subject has been increased, but the concentration on the Mediterranean region remains and is not seriously altered.

INSTRUCTIONS TO AUTHORS

Manuscripts

Preference is given to articles in the English language, but German, French and Italian are allowed.

All articles should have an abstract in the *English* language.

Authors are requested:

- a. either to send their final text on diskette or cd-rom to the editors, accompanied by a print-out of the text;
- b. or to e-mail their final text as an attachment in Word 1997-2003 to editors@talanta.nl, accompanied by either a PDF-file or a print-out to be sent by ordinary mail to the editors.

The diskette should contain a plain text. Accents, umlauts etc. should be indicated in accordance with ASCII. No formatting of the text should be included: codes for character fonts and sizes, **bold**, *italics* etc. will be inserted by the editors. The diskette should be accompanied by a printout on which the author can mark italics, bold etc. in pencil. Please, list the following information on the paper printout: type of computer and the name of the used software (preferably a WORD-version).

Authors who are unable to comply with this rule should contact the editors.

Authors should retain a copy of their article.

Illustrations

All illustrations (photographs and line drawings, maps, plans, and diagrams) are to be considered as figures. They should be numbered in one series in the text in their order of mention. Final versions of diagrams, drawings, maps, and plans should be on white non-transparent paper or sent as glossy prints on photographic paper

Captions to the illustrations should be stored as a separate file on the diskette and be printed on a separate sheet. Photographs should be glossy prints showing clear details.

Figures included in the text file (word document) should be sent as a separate picture file (JPEG, TIFF or PDF) as well.

Alternatively, all illustrations may be scanned or saved as digital photographs at the highest possible resolution, and be sent to the editors in a digital form on a CD or diskette. Always send a printout version of the illustrations with it.

The exact provenance of each illustration, with acknowledgement of the right of reproduction, must be provided.

References

Bibliographic references should be listed alphabetically at the end of the article and set out as follows:

- Benzinger, I. 1974: *Hebräische Archäologie*, Freiburg i.Br.
 Bernal, M. 1991: *Black Athena. The Afroasiatic Roots of Classical Civilization. II: The Archaeological and Documentary Evidence*, London.

 Schachermeyer, F. 1929: *Etruskische Frühgeschichte*, Berlin/Leipzig.

Do **not** use abbreviations. So, the reference is not *AJA* but *American Journal of Archaeology*, not *PZ* but *Praehistorische Zeitschrift*.

Volume numbers **not** Roman. So, *Talanta*, *Proceedings of the Dutch Archaeological and Historical Society* 36-37, **not** XXXVI-XXXVII.

Using references to classical authors, our authors are requested to use the abbreviations of authors and their works as given in the Liddell/Scott, Greek-English Lexicon (LSJ) and the P.G.W. Glare (ed.) Oxford Latin Dictionary (OLD). Where these are lacking, please follow the lead of Hornblower/Spawforth, Oxford Classical Dictionary (OCD), Oxford 1966, third edition.

Footnotes

Footnotes should be presented in a separate file and numbered consecutively (do enclose a printout version of the footnotes). They should follow the name and date system, e.g.: Brijder 1993; Moscati 1988, 255, fig. 27; Brock 1957, 12, pl. 4,45; Buchner/Ridgway 1993, 237, pl. 18.

Short references like Moscati 1988, 255, fig. 27 can be placed in the text between brackets: (Moscati 1988, 255, fig. 27).

Proofs

The authors will normally receive one copy of the first proofs. This should be carefully corrected and returned as soon as possible to the editorial address:

F.C. Woudhuizen, secretary of the Executive Editorial Board, c/o Het Hoekstuk 69, NL-1852 KX Heiloo, The Netherlands.

TRANSLITERATIONS

The editors urge the authors to use the following standards of transliteration from Russian, Bulgarian, and Greek in their contributions:

Russian:

Аа = a	Зз = z	Пп = p	Чч = ch
Бб = b	Ии = i	Рр = r	Шш = sh
Вв = v	Йй = y	Сс = s	Щщ = shch
Гг = g	Кк = k	Тт = t	Ъъ = '(apostrophe)
Дд = d	Лл = l	Уу = u	Ыы = y
Ее = ye, e (1)	Мм = m	Фф = f	Ээ = e
Ёё = yě, ě (1)	Нн = n	Хх = kh	Юю = yu
Жж = zh	Оо = o	Цц = ts	Яя = ya

(1) ye initially, after vowels, and after Ъ and Ѓ; e elsewhere; when written as ě in Russian, transliterate accordingly as yě or ě.

Bulgarian:

Аа = a	Жж = zh	Мм = m	Тт = t	Шш = sh
Бб = b	Зз = z	Нн = n	Уу = u	Щщ = sht
Вв = v	Ии = i	Оо = o	Фф = f	Ъъ =
Гг = g	Йй = y	Пп = p	Хх = kh	ь = '(apostrophe)
Дд = d	Кк = k	Рр = r	Цц = ts	Юю = yu
Ее = e	Лл = l	Сс = s	Чч = ch	Яя = ya

Greek:

Αα = a	Εε = e	Ιι = i	Νν = n	Ρρ = r	Φφ = f
Ββ = b	Ζζ = z	Κκ = k	Ξξ = x	Σσ, ζ = s	Χχ = ch
Γγ = g	Ηη = ê	Λλ = l	Οο = o	Ττ = t	Ψψ = ps
Δδ = d	Θθ = th	Μμ = m	Ππ = p	Υυ = u	Ωω = ô

The spiritus asper is to be rendered as h.
